FF. Figure 11

GG. Figure 12

HH. Figure 13

During an interview with the Examiner by telephone on April 1, 2005, the Examiner clarified that Applicant should elect Group I(A) or Group I(B). Applicant elects Group I(A) (implanting a low profile medical device) without traverse.

The Examiner further explained that Applicant should elect a device from Group II. The undersigned explained that all of the devices depicted in Group II were low-profile devices, and further explained that a device depicted in some figures is the same as the device depicted in other figures. The Examiner clarified that Applicant may select multiple figures from Group II that pertain to the same device.

Applicant elects Groups II(BB, CC and GG) (FIGS. 7, 8 and 12, showing device 12A) with traverse. Claim 1 is generic as to all of the devices, including the device with a tether (shown in FIG. 11).

Claims 1-13 and 15-17 pertain to all of the low-profile device implantation claims and in particular to the device of Groups II(BB, CC and GG).

CONCLUSION

Applicant respectfully requests prompt allowance of all pending claims. Please charge any additional fees or credit any overpayment to deposit account number 50-1778. The Examiner is invited to telephone the below-signed attorney to discuss this application.
